

Biodiversa+ WS on biodiversity monitoring data interoperability and harmonisation

1st September 2022 from 9.00am to 12.00pm CEST

Register:

<https://us06web.zoom.us/join/register/tZAtd-Gorj4vE9A2HegtU7ozIRm922kiMnOH>

Please note that this meeting will be recorded and shared on the Biodiversa+ Youtube channel.

9.00am – Introduction and presentation of the objectives of the workshop
By Alberto Basset, MUR

9.10am - Presentation of Biodiversa+
By Hilde Eggermont, Biodiversa+ Chair & Coordinator, BelSPO

9.20am - Presentation of work on data architecture and data workflows in EuropaBON and EBVs
By Dani Villero Pi and Nestor Fernandez, EuropaBON

- 20min presentation
- 5min Q&A

9.45am- Data flows in GBIF and diversifying the GBIF data model
By Tim Hirsch, Deputy Director, GBIF Secretariat

- 15min presentation
- 5min Q&A

10.05 - 10.20 Virtual break

10.20am - Presentation of Meta(data) structure and workflows in LifeWatch ERIC
By Lucia Vaira, LifeWatch ERIC

- 15min presentation
- 5min Q&A

10.40am – DNA (meta)barcoding for biodiversity monitoring. BIOSCAN/iBOL Infrastructure developments
By Sujeewan Ratnasingham and Rutger Vos, iBOL/BIOSCAN

- 15min presentation
- 5min Q&A

11.00am - Open discussion to identify how Biodiversa+ could help achieve effective data interoperability

11.50am – Conclusion and next steps
By Alberto Basset, MUR and Hilde Eggermont, Biodiversa+ Chair & Coordinator, BelSPO

End of meeting
